What did you like about the course and/or instructor? Please give examples.

I specifically loved the content we read about in class. It challenged some of my personal morals, opened my mind to different opinions as we participated in class discussions. While we were learning about these current issues, I specifically learned a great deal in how to break down literature. This amazing journey I went through was made amazing by the instructor. He had an excellent sense of how to communicate and teach us young adults. By far the best professor I have ever had. Thank you Phil for teaching me so much more than you realize.

Nothing, he has a perfect flaw for the class.
